Brazos Higher Education Service Center Employees exceed giving expectations!

With a strong commitment to helping others, the employees at Brazos Higher Education Service Center raised \$16,921 which is a 100% increase over last year.

"It is no secret that our country is working through a tough economic time which is having a negative impact on many Americans" said Loaned Executive David Horner. "The people at Brazos recognize how blessed we are to have jobs and if there is ever a time to share our blessings, it is when the needs of others are so great."

The campaign was led by David Horner, assistant the the President of Brazos Higher Education Service Center.

"Our campaign was low key and simple, like every year we have the opportunity to participate in a community wide campaign to meet real needs" said Horner. "This year the needs seemed to loom larger than usual and the folks at Brazos responded accordingly."
