CHANGING MY LIFE.

Ms. M. is a veteran and mother of five children. She came to a United Way funded partner agency for case management seeking food, employment and financial assistance. She left a good paying job and sold her possessions to care for her elderly parents. The agency assisted her with food, toiletries, clothing vouchers, mortgage and utility assistance, employment referrals, money management and empowerment support. She has now obtained employment as a manager. Ms. M. stated, "Had you not helped I honestly don't know where I'd be. I'm very grateful. My kids are grateful."
